**PETITION UNDER 37 C.F.R. §1.182 TO WITHDRAW EFFECT OF TERMINAL
DISCLAIMER IN PRESENT APPLICATION**

Applicants hereby Petition under 37 C.F.R. §1.182 to withdraw any effect of the terminal disclaimer filed in U.S.S.N. 07/844,664 on the present application (U.S.S.N. 09/621,574).

1. On April 8, 1992, Applicant filed a United States National Application based on PCTEP91/01596. The PCT application was filed on August 22, 1991 and claimed a priority date of August 24, 1990. The United States National Application received United States Serial Number 07/844,664 (hereinafter referred to as U.S.S.N. 07/844,664).
2. On June 25, 1992, U.S.S.N. 07/844,664 became abandoned under 37 CFR §1.494. While Applicant submitted 149 pages of translated specification, 10 pages of translated claims, and a translated abstract, Applicant inadvertently did not translate the graph headings in the drawings from German to English prior to June 25, 1992.
3. On August 20, 1992, the U.S.P.T.O. mailed Applicant's former counsel (hereinafter Merchant & Gould) a Notification of Abandonment.

Certificate of Express Mailing

I hereby certify that this correspondence is being deposited with the U.S. Postal Service as Express Mail, Airbill No. **EV65438639 9US**, in an envelope addressed to: MS Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on the date shown below.

4. Due to a docketing error, the Notification of Abandonment was not entered into the Merchant & Gould docketing system.

5. On December 9, 1994, the Merchant & Gould Docketing Department became aware of a problem with U.S.S.N. 07/844,664.

6. On February 15, 1995, Applicant filed a Petition under Rule 1.137(a) and/or 1.183 to revive U.S.S.N. 07/844,664. A Terminal Disclaimer was filed together with the Petition disclaiming "the terminal part of any patent granted on the above-identified application equal to the period of abandonment of this application."

7. On June 22, 1995, the Office of Petitions mailed a Decision On Petition in which Applicant's petition was dismissed due to inadequate showing of unavoidable delay. The Office of Petitions further asserted that the Terminal Disclaimer filed on February 15, 1995 was not in compliance with 37 C.F.R. §1.137 because it lacked a statement that "this terminal disclaimer applies to any patent granted on the above-identified application or on any application which is entitled to the benefit of the filing date of the application under 35 U.S.C. 120."

8. According to 37 C.F.R. 1.137(d)(1) "Any petition to revive pursuant to this section in either a utility or plant application filed before June 8, 1995, must be accompanied by a terminal disclaimer and fee as set forth in § 1.321". Further, according to 37 CFR §1.137(d)(2) "Any terminal disclaimer pursuant to paragraph (d)(1) of this section must also apply to any patent granted on a continuing utility or plant application filed before June 8, 1995". Thus, the Office of Petitions was in error in asserting that the Terminal Disclaimer, according to 37 C.F.R. §1.137, required a statement that "this terminal disclaimer applies to any patent granted on the above-identified application or on any application which is entitled to the benefit of the filing date of the application under 35 U.S.C. 120." Rather, according to 37 C.F.R. §1.137, the terminal disclaimer must only apply to any patent granted on a continuing utility application filed before June 8, 1995. However, this portion of the Rule was not taken into consideration by the Office, which, instead required that the terminal disclaimer apply to all continuing applications regardless of their filing date.

8. On October 23, 1995, Applicant filed a Renewed Petition Under 37 CFR §1.137(a) to revive U.S.S.N. 07/844,664. Applicant apparently did not recognize the Office's error in applying 37 C.F.R. §1.137(d)(2) and, thus, filed with their Renewed Petition, a new Terminal Disclaimer that included the wording required by the Office of Petitions.

9. On January 23, 1996, the Office of Petitions mailed a Decision On Petition in which Applicant's petition was dismissed because Applicant's Renewed Petition did not include an adequate verified showing of the cause of unavoidable delay and a terminal disclaimer and fee.

10. On April 23, 1996, Applicant filed a second Renewed Petition Under 37 CFR §1.137(a) to revive U.S.S.N. 07/844,664. Within the second Renewed Petition, Applicant provided further information regarding the unavoidable delay and noted that a terminal disclaimer and fee were, in fact, submitted with the October 23, 1995 petition.

11. On June 26, 1996, the Office of Petitions mailed a Decision granting Applicant's Petition. The Decision noted that the "Terminal Disclaimer filed on October 26, 1995 has been accepted."

12. On February 26, 1999, during the course of prosecution of U.S.S.N. 07/844,664, Applicants filed a Continued Prosecution Application (CPA). Because the CPA was filed after June 8, 1995, according to 37 C.F.R. §1.137(d)(2), the previously filed terminal disclaimer should not have been required to apply to the continuing application.

13. On December 26, 2000, U.S.S.N. 07/844,664 issued as Patent Number 6,165,500. On the cover page of the patent, it is stated that "[t]his patent is subject to a terminal disclaimer."

14. On December 12, 2002, Applicant filed a petition requesting removal of the indication on Patent Number 6,165,500 that "[t]his patent is subject to a terminal disclaimer".

15. On December 22, 2003, the Office of Petitions mailed a Decision denying Applicant's petition to remove the terminal disclaimer from the issued patent. In the Decision, the Office stated that "the terminal disclaimer captioned for and accepted in prior application 07/844,664

automatically remained recorded against the CPA having the same application number." The Office further stated that "once a patent issues, the USPTO will not remove the effect of a recorded terminal disclaimer" and that "petitioner did not seek to mitigate the effect of the recorded terminal disclaimer during the pendency of the CPA."

16. On July 21, 2000, Applicant filed the present continuation application, which received U.S.S.N. 09/621,574 and a filing date of July 21, 2000.

RELIEF REQUESTED

Applicant requests that any effect of the Terminal Disclaimer filed for U.S.S.N. 07/844,664 on the present application (U.S.S.N. 09/621,574) be withdrawn. Applicant respectfully submits that the Office erroneously applied 37 C.F.R. §1.137 by requiring that Applicant amend their February 15, 1995 Terminal Disclaimer to broadly state that "this terminal disclaimer applies to * * * any application which is entitled to the benefit of the filing date of the application under 35 U.S.C. 120." According to 37 C.F.R. §1.137(d)(1), "[a]ny petition to revive pursuant to this section in either a utility or plant application filed before June 8, 1995, must be accompanied by a terminal disclaimer." Further, according to 37 C.F.R. §1.137(d)(2) "Any terminal disclaimer pursuant to paragraph (d)(1) of this section must also apply to any patent granted on a continuing utility or plant application filed before June 8, 1995". Thus, the requisite time period set forth in 37 C.F.R. §1.137(d)(2) was not properly taken into account.

The present continuation application U.S.S.N. 09/621,574 was filed on July 21, 2000. Because the filing date of U.S.S.N. 09/621,574 falls after the date set forth in 37 C.F.R. §1.137(d)(2), the Office should not have mandated that Terminal Disclaimer filed in U.S.S.N. 07/844,664 apply to "any application which is entitled to the benefit of the filing date of the application under 35 U.S.C. 120." Rather, 37 C.F.R. §1.137(d)(2) requires only that such Terminal Disclaimers apply to continuing applications filed before June 8, 1995. This clearly is not the case with U.S.S.N. 09/621,574.

CONCLUSION

For at least the above reasons, Applicants urge that the October 23, 1995 Terminal Disclaimer, filed for U.S.S.N. 07/844,664, not apply to the present application.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 04-1105, under Order No. 58071 (47126).
